TEN turkeys from nine eggs is the number Mr. G. C. Keller, Jr., tells us he got. The two that came out of one egg are as lively and as promising as the others which were not so crowded.

LIFTING JACK.—Judge T. L. Shelton and Thomas Benedict have bought the right to sell Ault's Lifting Jack in Lincoln and Casey counties and are supplying the farmers and others with that useful invention.

LIGHT frosts have fallen several nights this week and it begins to look like we are to have a year without a summer, the various winters treading on each others' heels so fast they follow. Thunder storms are promised for Friday.

THE Q. & C. will sell tickets to Frankfort on account of the democratic convention, June 1 and 2 at one fare for the round trip. Trains leave Georgetown on 1st and 2d at 7:50 A. M., 10:40 A. M. and 6:30 P. M. via the F. & C. R. R. to Frankfort, connecting with Q. & C. trains, both North and South.

WE fear our Danville friends are worse suckers than they look to be. They held a meeting the other day to appoint delegates to Col. Boone's Black Diamond railroad convention, to consider one of the finest roads on paper ever made, but which seems doomed to run only on that slight foundation.

MONEY.—Trustee of the Jury Fund G. L. Penny is paying the jurors for June, 1896, and February, 1896, service. He got interest bearing vouchers for the amount, which is something over \$1,600, and sold them, thereby giving the jurors their money many months before they would have otherwise gotten it.

LINNETTA SPRINGS will be run by Mr. James D. Shelby this season and will open June 1st. There will be no public balls this year but a cordial welcome is extended to parties wishing to spend a pleasant evening in dancing or other amusements. First-class accommodations are promised and those who seek either pleasure or health can find it there.

THE engine of the second section of freight No. 36 ran into a traction engine which was crossing the track, near Dants Tuesday night, knocking the front wheels of the former from the track. J. B. Keyer, the engineer, who is well known here, was considerably bruised up and was unable to take his train in. The traction engine was badly torn up but its engineer escaped unhurt.

OUR frequent reference to old coins continues to bring others to light. M. D. Elmore showed us one that was plowed up on Mrs. Pauline Hays' farm on the Danville pike a few years ago by a son of Mr. Buck Hiatt, who gave it to Mr. Elmore for a knife. It is a Spanish coin and bears the profile of Charles IV, whose reign from 1788 to 1808 involved the country in inglorious war with Britain and other kingdoms. The piece is dated 1790. If Spain could recover all the old coins of her realm in this country, she would be very much more able to prosecute the numerous civil wars against her dependencies.

THESE Methodist girls are the girls to tie to, we would like to whisper in the ears of eligible young men who seek life partnerships. When we looked in their church Wednesday a number of them were on their knees stretching and cleaning the carpet and others were cleaning the pews, oiling the pulpit furniture, bronzing the chandelier and so on till everything looked as neat and as new as a pin. Those engaged were Misses Annie Pence and Kathleen Grinstead, Sallie Lynn, Lillie Martin, Mary Pence, Annie Darst, Rebecca Spoonamore and Grace Grinstead who were ably assisted by Robert Mattingly, Dick Martin, Tom Pence and Gilbert Grinstead.

THE Mexican, Confederate and Union veterans will decorate the graves of their comrades tomorrow and ask that contributions of flowers be left at Warren & Shanks', where Misses Adele Saulley, Annie Alcorn, Belle Denny, Edna Courts and Mary Bruce will arrange them for the decoration. All persons are requested to join in the procession either on foot, in vehicles or horseback, which will form in front of the public square at 9:30 and march to the cemetery where the services will be held promptly at 10. There will be numerous speeches, after which America will be sung and the decoration completed, with "The Bonnie Blue Flag," "Dixie" and "America" sung by the choir of the various churches in Stanford. J. S. Bosley represents the Mexican, T. L. Shelton the Confederate and George H. McKinney the Federal soldiers.

COOK Stoves and Ranges cheaper than any at Warren & Shanks'.

BLACK Enamel Roof Paint. Guaranteed to last five years. For sale by Craig & Hocker.

FRANK ROUT has a new steam boat whistle on the water works engine and enjoys waking the natives up in the morning with it.

CLOYD LAY was accidentally shot in the leg by Dave Kennedy at McKinney a few nights since. The wound is a painful, but not dangerous one.

JOHN BLAIN, the three-year-old son of Sheriff T. D. Newland, fell from the banisters on which he was sliding yesterday afternoon and broke his left arm.

FIRE.—The roof of Mrs. Fannie Green's house caught fire yesterday, but the timely work of neighbors extinguished it before much damage was done.

THE strawberry supper at Mt. Xenia drew good crowds from Danville, Junction City, Lancaster and this place and the young ladies took in \$27.50, so Miss Pearl White, who was one of the managers, tells us.

ACCORDING to a census report just issued, which contains 968 pages and for which we are indebted to Senator Wm. Lindsay, Lincoln county has 558 foreign born citizens, of whom 24 are Irish; 317 Germans and 118 Swiss. There are 49 Austrians, 5 Russians and 7 Frenchmen.

THE will of Mrs. Elizabeth Brand Woodward, late of Lexington, leaves a special bequest of \$7,000 to E. M. Duncan, who married Miss Georgia Barnes, and an equal share in the rest of the estate after other special provisions. As she left \$300,000 or more, it is thought Mr. Duncan's share will be at least \$15,000.

THE Metropolitan National Bank directors have sent no report to the stockholders here, but they learn from the newspapers that the bank that bought the concern paid \$45,000 for its good will. The Metropolitan seems always to have been badly managed and it is better perhaps that it is turned over to people who know how to run banks.

A DOZEN or more doctors attended the meeting of the Lincoln County Medical Society Tuesday and the day was spent both pleasantly and profitably. Dr. Bertie Carpenter read a splendid paper on "The Therapeutic Management of Typhoid Fever" which was liberally discussed. Dr. J. G. Carpenter read a paper on "Genital Reflexes," and a number of subjects were discussed. The next meeting will be held at McKinney on the second Tuesday in July.

CAVE.—Few people are aware that we have a Mammoth Cave almost "in our midst." On the old Culbertson farm adjoining Hon. G. A. Lackey's is a cave that is remarkable for its proportions. M. D. Elmore tells us that he and a party spent half a day or more in it and went over a mile. The entrance is down a hole above a big spring. A number of feet below a level is reached and soon a large room with high ceiling is discovered. It has the appearance of a store room, with stone shelves, counters etc. Further along are other rooms, with eyeless bats clinging to the walls and with tracks of wild "varmints" in the sand that lies below the numerous springs. Between the rooms, some of which are of large dimensions, the passages are very narrow and can only be gotten through with difficulty, but that is the case in the Mammoth and all other caves. The owner of the property may have a gold mine in the possession of the cave and it at any rate ought to be thoroughly explored.

METHODIST preachers by the car load and each with his mouth set for eating fried chicken, which happily is now ripe, arrived from Wilmore yesterday and will be with us for a week. They are from Asbury College and are a good looking set of youngsters. They will hold their services daily, morning, afternoon and evening, beginning at 8 o'clock last night. The services will be at the Methodist church, and if invitation is extended they will preach in the other churches. Rev. M. S. Trafton was in charge of the party of 26, which arrived at noon yesterday and are as follows: T. J. Hadley, G. R. B. Kinney, L. W. Purdom, W. S. Maxwell, J. H. McKee, W. G. Cram, E. T. Raney, C. H. Neal, P. T. Smith, J. W. Carter, C. H. Prather, H. W. Bromley, W. E. Golding, C. A. Bromley, C. W. Terhune, W. E. Smith, J. L. Lawrence, J. E. Key, H. I. Lyle, E. S. Wilson, E. D. Cornish, T. Grogan, D. Holtzclaw, C. A. Humphrey and C. M. Humphrey.

THESE young men have started out to labor for the Lord. Let us treat them kindly while with us, feed them on the fat of the land and send them away rejoicing that they were led to accept an invitation to visit us.

COUNTY Clerk James F. Cummins has issued only three marriage licenses to white people this month. Southerland, who killed another miner because the latter accidentally knocked him off of the depot platform at Pittsburg, was let off with four years by the Laurel Circuit Court this week.

RELIGIOUS.

Eld. Jos. Ballou will preach at Mt. Xenia at 3 P. M. Sunday next.

There are over \$350,000,000 invested in church property in the United States. There was a decline last year of \$219,000 in the receipts of the Northern Presbyterian Church for home missions.

Rev. Henry Miller will preach at the Presbyterian Church here Sunday, while Rev. S. M. Logan will fill his pulpit at Middlesboro.

Sunday, at Eon, Carlisle county, was the annual public foot-washing of the Primitive Baptists and a great crowd witnessed the ceremonies.

Bishop Wilson will preside at Kentucky conference in Mt. Sterling, September 15, and also at the Louisville conference in Henderson, September 22.

Two Mormon elders were ridden on a rail and told to shake the clay of Clay county, Tenn., from their shoes, by bigoted people who call themselves Christians.

Christ Church, the oldest church in Georgia, founded by John Wesley before he promulgated the Methodist faith, was burned almost to the ground Sunday morning.

A Roman Catholic chapel at West Point Military Academy has been declared illegal by Attorney General McKenna, himself a member of the Roman Catholic Church.

Miller, the "divine healer," who had been creating a sensation at Atlanta by his so-called wonderful cures, was arrested by the irreverent authorities for doing business without a license.

The Southern Presbyterian Assembly at Charlotte, S. C., unanimously adopted the report of its committee on colored evangelization, recommending a separate church for colored Presbyterians.

The new Christian church at Johnson's Chapel, Casey county, near the Russell county line, was dedicated Sunday. More than sufficient funds were raised to pay the indebtedness. About 2,500 people were in attendance and there was plenty for every body to eat.

In the Cumberland Presbyterian Assembly at Chicago, the committee on sanctification, which has been considering doctrinal statements or the confession of faith to be submitted to the Presbyteries for their approval, reported their inability to agree and asked to be discharged.

Bro. Barnes is preaching in Jewel's Hall at Glasgow, but the News says a petition asking the fiscal court to allow him to preach in the court-house is being circulated on the streets and already has over 100 signatures. All the churches dispensed with services Sunday night in his honor.

Rev. L. M. Lasley writes from Paris, Tenn., that he has struck a hard town, with the houses and churches closed against him, but the Lord is filling his tent and convicting and converting the people. An infidel paper was published there for a long time and the very air is filled with infidelity but the revival rolls on.

Rev. Fred D. Hale baptized 142 persons at the baptistry of the new Third Baptist church, in 52 minutes. There are 18 others yet to be baptized. Over 1,000 people witnessed the baptizing, although the sun was hot. This is probably the largest number of persons baptized by one minister in the city's history. —Owensboro Messenger.

Speaking of Rev. George O. Barnes, the Glasgow Times says: Of this wonderful man it can be truly said that age has not staled the marvelous brilliancy of his mind, nor dimmed the fervor and magnetism of his oratory. A master of language, a store-house of thought, an orator almost without a peer, few can withstand the personal charms of this gifted man. Twenty years ago Mr. Barnes accomplished a great religious work through this section and it appears that his triumphs then are to be repeated now.
